TANGO

Company Profile

CLEANWAY is a Greek company which produces detergent and cosmetics, in consuming and industrial packaging.

CLEANWAY was established in 1994, starting with the production of detergents, with target to offer the market a wide range of detergent products of high quality at the lowest possible prices.

The company aims to meet the high expectations of its customers and guarantees quality products by applying to the production process international quality standards: ISO 9001, and for cosmetics ISO 22716. CLEANWAY has also established an Environmental Management System in accordance with the ISO 14001 standard.

The quality of CLEANWAY detergents has been verified by the big Greek retailers (AB Vassilopoulos (Delhaize Group) , Makro C & C, OK - Market, Market-in, Jumbo and others) , which have entrusted the production of a wide range of PRIVATE LABEL products for a long time.

Apart from producing PRIVATE LABEL products, CLEANWAY produces its own brand detergents named "QUESTO" as well as an alternative economical series with the brand name "SOLERO". Moreover, the company has developed and manufactures ecological detergent and cosmetic products with brand name "Green Life", certified with the European "Eco Label".

In the year 2010 the company decided to enter the cosmetics sector and at the end of 2012 a new modern unit for cosmetics production was constructed. The scientific staff of the R&D Department has developed a full range of cosmetics products with the brand name "TANGO" which include natural ingredients such as olive oil, almond oil, aloe vera, ingredients well known for their antioxidant and moisturizing properties. Cosmetics TANGO have been designed to offer excellent quality at very competitive prices, which is confirmed by the increasing demand for products from the Greek and international market.

CLEANWAY facilities are situated within its own grounds of 8 acres, 55 km from the center of Athens, in the industrial area of Inofyta. The plant operates in a pleasant and rewarding environment for its employees, which at the same time it responds to the environmental and social requirements of the era.

Detergents Production

The detergents factory is constantly evolving in order to offer the market a wide range of high quality liquid detergents.

Cosmetics Production

The cosmetics factory has been constructed according to ISO 22716 (Good Manufacturing Practices) specifications in order to offer the market a wide range of high quality cosmetics.
